Outcome 9 Rubrics

std	P (Proficient)	S (Sufficient)	D (Developing)	I (Insufficient)	N (No evidence)
9.1	Each function returns the appropriate values AND at least one function invokes other functions AND approach is explained using comments and appropriately named function AND program return correct values.	Correctly invokes one function from another but invoked function has minor logical error AND functions are appropriately named AND program return correct values.	Minor syntax issues BUT logic supports the appropriate work-flow OR inappropriately named functions	Incorrect or missing function calls or logic.	Functions not used
9.2	Writes functions with default parameters AND explains behavior using comments and appropriate names for functions and parameters AND program return correct values.	Uses default arguments correctly AND program return correct values AND program return correct values	Minor mistakes (eg. wrong parameter order, syntax errors).	Missing default arguments OR incorrect default usage.	Functions not used
